## *From the Chairman's Desk*

*When we look into the future, we see a world that is peaceful, within and without. A world that has solid, reliable, dependable people that it can lean on. The people we see are born out of safety and security; they learn new things without the fear of failure, they walk down different roads with the sun of their shoulders, they are encouraged to experiment, challenge and ask questions. This is how children at Happy Valley are guided to be, little people & big people alike. When you enter the fold, you become a learner- a seeker of knowledge, a giver of values, a taker of realisation and an inspiration towards building brighter and better lives.*
